GERMAN  
DESIGN  
AWARD  
SPECIAL  
2022

*Never rest  
on your laurels!*

## AWARD-WINNING BRAND WORLD, EXTRAORDINARY VEHICLES

Powerful brand: FRANKIA and its Yucon brand have won coveted awards twice so far. Both the German Brand Award “Excellent Brands – Transport and Mobility” and the German Design Award “Excellent Communications Design – Brand Identity” have already made their way to Marktschorgast, Germany. Why do these two brands deserve these awards? Because FRANKIA never rests on its laurels! The team behind the brand is always looking for new solutions to new challenges. Whether quality, “well-being” in the vehicle or weight reduction – the creative thinkers at FRANKIA always focus their work on the needs of discerning mid-agers who are seeking adventure but refuse to compromise when it comes to design, quality and comfort.

*“We’re committed to  
continuously improving  
our vehicles.”*

Konstantin Döhler, Managing Director at FRANKIA
